Questions of Suffrage and Registration Reform Are Shelved For Time

Not since the outbreak of the war has parliament adjourned upon a situation such as the present, and which

was described by David Lloyd George, minister of war, and other ministers, in debates during the last few days as giving so little cause for anxiety or so hopeful an outlook for the future. The debates, which covered all aspects of the war, reflected a feeling of confidence, although expressing the realization that heavy tasks are still

There has been discussion in recent days concerning the question of food supplies here, although high prices are due to scarcity of supplies, the costliness of freightage, and as Capt. E. G. Pretlyman, parliamentary secretary to the board of trade, explained in the House of Commons, due to the abnormal consumption of food by

the untold millions of men in the field. Capt. Prettyman said he estimated that the men in the field eat half as much again as they did in civilian life. While the question of food supplies is being handled heavily on the civilian front,

drastic steps in the direction of administrative control of either the price or consumption of food.

also expressed the greatest confidence in the constantly growing economic pressure which is being exercised against the capital owners.

The difficult questions of suffrage and registration reform have been shelved temporarily, but as a precautionary measure the House of Lords inserted in the bill extending the life of parliament an amendment, which the House of Commons accepted, providing that the Government should

viding that any new parliament elected upon the existing register should endure only for two years. This is an emergency which is unlikely to arise, however, as a large majority of the country is opposed to holding elections during the war. It seems almost certain that the

tain that the new parliament will be elected upon a basis of adult suffrage with women voting, although there are many opinions that the country ought to be consulted upon the important question of admitting women to suffrage by means of a general election.

GERMANS WILL TRY TO KEEP TRIESTE

**Regard Austrian Seaport As One
of Chief Outlets to the
Orient**

(By Morning Bulletin Leased Wire)

LONDON, Aug. 23.—The Germans intend to convert Trieste into a second Verdun, wires the Geneva correspondent of the London Daily Express today. Sixty-eight expert German engineers have arrived at Trieste, and are overhauling the defenses.

Germany considers Trieste one of her chief trade outlets to the Orient. It is stated that a German general will shortly be sent to take command of the Austrian forces in this sector.

The Italians are only thirteen miles from Trieste, but will encounter formidable resistance. Heavy artillery from Vienna and the Tyrol has been rushed to Trieste, as well as all available reinforcements.

We Are This Season Making A SPECIALTY OF
"LININGS" For Suits, Coats, Dresses, Etc.!
OUR ever expanding volume of business in Suitings, Coatings and Dress Goods, etc., has convinced us that Linings, as important as they are, have not in the past been given the consideration they rightly deserve here or elsewhere. Consequently our Dress Goods manager conceived the idea many months ago of making a specialty of linings which has resulted in this assembling of the best stock of linings Edmonton has seen—from the least expensive grades to the best material you can buy.

English Satin Linings at 20c Per Yard
There's a very decided difference in the quality of satin regardless of the fact that 20c may be the price. This has caused us to select the best quality of satin for our English make sometimes known as shirtings. This we are showing in a range of all the desirable shades and fast black. Have beautiful make-like finish.
31 inches wide. Our Price, per yard, 20c

Roman Satin Lining at 35c Yard
This, in reality, is a very high grade English satin with a beautiful soft, satin finish. Shown in a splendid range of shades and black. Used extensively for dress lining. Foundations, children's coat linings and many other purposes. 21 inches wide.
Special value, per yard 35c

Click-Tut Lining at 25c Per Yard
Where a crisp light weight, close-fitting lining is desired Click-Tut is unsurpassed although there are many substitutes on the market today. The real Click-Tut is scarce, due to the enormous demand, and to procure it today it would be impossible to sell it at our price of 25c per yard. 36 inches wide. Special per yard 25c

Rich Betin Linings at \$1.00 and \$2.00 Yard
The linings are well and favorably known to the department of the patron, although they have been difficult to obtain. We have, however, just obtained a shipment of rich Betin in a great variety of shades and black. 27 inch wide. Shown in all desirable colors and black. 27 inch wide. Special value, per yard \$1.00

The Famous "Skinner" Satin at \$2.00 Per Yard
Here's a grade we well known that it needs no introduction. "Skinner" Satin and always looks for the name in the sewer. The only grade used in the manufacture of our new shades and black. 36 inches wide. Shown in a splendid range of new shades and black. 36 inches wide. At the close price of, per yard \$2.00

Women's Fine French Kid GLOVES at \$1.65 Pair!
HERE'S a glove we haven't the slightest hesitation in recommending for we are satisfied that our customers will be pleased with its quality. Made of the finest French kid with gusseted fingers and overlaid seams, with two-tone fastenings. Shown in black, white, grey, tan and champagne. All sizes.
Price \$1.65

Women's Pure Silk Fast Black HOSE at \$1.00!
O' COURSE you may pay more or you may pay less, but the principal consideration is, are you getting the best goods at the lowest price? We are convinced there's one dollar's worth of service in this hose and that's why we have offered pure silk at \$1.00. The work of pure silk is in the heel and toes; full fashioned. Fast black. Shown in all desirable colors and black. 27 inch wide. Special value, per pair \$1.00

A Broad and Satisfying Range of Men's Fall-Weight UNDERWEAR Now Ready!
FROM now on every man will feel the need of heavier underwear and the question will naturally arise, "Where are the best assortments and best values to be found?" This we must leave entirely to the readers of this announcement after briefly suggesting a few lines and quoting a few prices.
